ABOUT PARLER

Parler is a social media platform dedicated to championing free speech and fostering constructive dialogue, empowering users with full control over their data and experience. Under the Parler brand, PlayTV offers a diverse range of video content, giving creators the freedom to broadcast and providing viewers with unfiltered access to entertainment and information. Burst, our dynamic short-form video platform, enhances content creation and viewer engagement, offering creators better monetization opportunities and a user-friendly environment for sharing innovative videos. ParlerPlus enables organizations and groups to create customized, exclusive spaces for their members to engage freely and securely, maintaining control over their own data and content. ParlerPay, our peer-to-peer payment app, ensures easy and secure transactions, allowing users to instantly send and receive money among friends and at participating merchants.
