## FOR IMMEDIATE RELEASE

### **SaraMana Now Offers Canon Printer Products**

SARASOTA, FL – April 14<sup>th</sup>, 2009 – SaraMana, Inc., west Florida's leader in digital imaging and document management solutions, announced a new partnership with Canon U.S.A to offer a full line of Canon printer and scanner products.

SaraMana will compliment its already robust line of hardware and software solutions with the addition of Canon's full line of digital and printer products. SaraMana clients will now have greater choice of professional printer and scanner equipment to meet their business needs.

"SaraMana Business Products Inc. has been in business serving our market since 1976 and providing excellent service to our clients has always been our most important objective every year. It is for this reason that Canon has added SaraMana as it's only Independent dealer serving the Sarasota/Bradenton market." said SaraMana President, James Dean. "Canon is the number one rated manufacturer of office technology products in the United States by both market share and product performance. Our client's deserve the best and that's why we have added Canon to our product offering. "

SaraMana strives to positively impact their client's business operations while maintaining the highest level of ethical & moral standards. Their professionally trained staff provides a comprehensive business solution for handling client's document needs & automating their paper intensive business processes.

###

**About SaraMana:** SaraMana is a Sarasota, FL-based provider of document management solutions, offering sales and service on the full line of Canon and Ricoh business products. SaraMana also provides iDatix document management and Print Audit print tracking solutions to their clients.
