After World War III: A New World of Heroes

FOR IMMEDIATE RELEASE

In Justice's Shadow, a new book by Robert Alan, explores a world of heroes and humanity struggling to rebuild a cautious peace in the aftermath of World War III. In the war, suprahuman titans clashed across the Earth, crushing borders and devastating lives with every step. Now, suprahumans and "mere humans" alike exist separately and together in a patchwork of tenuous truces.

Into this Earth of two tiers of humanity, Erik Knight quickly becomes caught between the factions. Seeing himself as a loafer and unambitious security guard who just happens to be stronger than normal, he considers his stopping of street crimes in New York City far beneath the world's notice.

That is, until a global intelligence agency offers him a job. In accepting, he quickly finds that he too must learn to bridge humanity's gulf, paving the way for progress in a world too long bereft of justice.

In Justice's Shadow is the debut novel of author Robert Alan. Born in Hawaii and currently residing in Florida, he pursued a variety of occupations until discovering he wasn't just a frustrated writer; he was a third-generation frustrated writer. Now, when he is not writing, he juggles the spiritual quandaries that have plagued mankind since the beginning, like what is the meaning of life and how does it influence the chances of a cute girl buying me a drink?

In Justice's Shadow (ISBN 978-1-60264-219-5: softcover, ISBN 978-1-60264-220-1: hardcover) is available from Virtualbookworm.com, Amazon.com and [Barnes and Noble.com](http://BarnesandNoble.com). The book can also be ordered from most bookstores around the United States and United Kingdom.
