## **Leading Romanian IT services company uses Todos technology to bring trust to eBanking and eCommerce**

**New partnership agreement allows IIRUC Service to distribute Todos's security solutions in Romania, Central and Eastern Europe.**

*Gothenburg, Sweden and Bucharest, Romania - June 9, 2009* - IIRUC Service has signed a partnership agreement to distribute Todos's eCode technology and authentication devices in Romania, Central and Eastern Europe.

IIRUC is the largest IT services provider in Romania with more than 20,000 clients and 60 support centers. "IT security is a growing business area for us," says Calin Mihai Rangu, CEO IIRUC Service. "We want to deliver the best professional services and the latest technology to our clients and this is why we are proud to join forces with Todos."

The partnership with Todos will let IIRUC offer its clients the latest security and authentication solutions. Already proven in leading banks worldwide, such as ABN AMRO, Nordea Bank, China Construction Bank, Tatra Banka and ICA Banken, Todos's innovations increase trust between banks and their customers.

Advances such as *Dynamic Signatures* and *Secure Domain Separation* as well as user-friendly, standards-compliant designs differentiate Todos's products. Todos's eCode system is secure, scalable and versatile which makes it easy to deploy. Together these advantages give partners, including IIRUC, a competitive advantage.

"We welcome IIRUC Service as a partner for Central and Eastern Europe," Ulf Dahlberg, Sales Director EMEA at Todos. "They have a proven track-record in these markets. Together we will bring the best available security solutions to online banks and businesses."
