## LCH Clinical Research, LLC To Host Wine and Cheese Event

*Atlanta, GA (News Wire) October 13, 2009– LCH Clinical Research, LLC, an Atlanta-based research company announces its networking event*

Lynn Harding, CEO of LCH Clinical Research has over 15 years of experience in clinical research. She is a key leader in a movement to make LCH Clinical Research the premiere destination for clinical research consulting. Her passion for making LCH Clinical Research successful is arguably one of the most impressive in the business.

LCH Clinical Research leads the way as a quality conscience investigative clinical research consulting firm with staff who provide intensive, practice-orientated training for clinical research professionals and students entering and working in the medical and pharmaceutical study fields.

Notably, minority physicians and subjects are underrepresented in clinical studies. As a result, LCH Clinical Research is helping to increase the number of minority practitioners in clinical research and increasing participation of minority patients in clinical trials.

Invited guests will consist of some of the most prominent physicians from Metro Atlanta. Guests will be treated to an evening of Jazz and Savory Delights (*Wine and Cheese from the Countries of Italy and France*).

**WHEN:** Thursday, October, 29th, 2009

**WHERE:** LOFT at Castleberry Hill Avenue 170 Northside Drive SW Suite 96 Atlanta, GA 30313

**TIME:** 7 PM to 10 PM

### **About LCH Clinical Research, LLC**
