

FOR IMMEDIATE RELEASE:

Welles Wilder® debuts the WilderFX_EA FOREX Expert Advisor on Wilderforex.com and ThePCNLA.com

Wilderforex.com and ThePCNLA.com have the exclusive rights to create and deliver Welles Wilder® automated trading programs and indicators for the FOREX market.

LOS ANGELES, Calif., October 26, 2009 — Wilderforex.com, the official Welles Wilder FOREX website, and ThePCNLA.com, the official TechGenii, Inc. financial website, today launch the Welles Wilder® FOREX expert advisor WilderFX_EA.

“I am pleased and excited to announce the debut of my expert advisor. I look forward to continue to create more experts for the FOREX market. This is the only expert in the world that I have officially sanctioned and created.” says Welles Wilder.

The WilderFX_EA is the official Welles Wilder® expert advisor for the FOREX market. The program uses the timeless trading strategies developed by Welles Wilder from his “New Concepts in Technical Trading Systems” book. A team of software professionals and FOREX strategy experts collaborated with Welles Wilder® to develop and complete the program based on the Parabolic SAR trading strategy.

The WilderFX_EA allows FOREX users to setup their trades automatically. The program works with over 15 pairs, including EURUSD, EURJPY, NZDUSD, and USDCAD and over several time frames including H1 and H4. It is the only expert advisor that Welles Wilder® himself has sanctioned, approved and uses for FOREX trading. The program works with the FXCM MT4 powered by BT trading platform. It uses a medium term trading strategy based on parameters needed to build a FOREX portfolio. It is the only automated FOREX expert advisor that uses the Parabolic SAR as the foundation of its strategy.

“We are excited to work with Welles Wilder to release his first FOREX automated trading robot. We look forward to working more closely with him on other FOREX robots using his timeless strategies.” says Barbara Bickham, President of ThePCNLA.com.

The WilderFX_EA can be bought only from Wilderforex.com and ThePCNLA.com. For more information or to buy the WilderFX_EA, visit <http://www.Wilderforex.com> or <http://www.thepcnla.com>.

About WilderForex.com.
