

FOR IMMEDIATE RELEASE

## **Marni Battista Joins Therapy in Transition as Dating & Relationship Expert**

*Therapy in Transition (TITO), which recently put together an Expert Panel to expand its services, has brought Marni Battista on board as the organization's Dating and Relationship Expert.*

Wilsonville, OR – {April 28, 2010} Therapy in Transition is pleased to announce Marni Battista has joined its Expert Panel team as the organization's Relationship Coaching expert.

The founder of Dating with Dignity, Battista has professional training in dating and relationship coaching as well as training in the Core Energy Coaching Process from the Institute of Professional Excellence in Coaching.

A certified Life Coach through the International Coaching Federation, Battista is also a Master Practitioner at administering an Energy Assessment—"The D-Factor"—which helps clients pinpoint exactly why they are or are not "date-able" and what types of messages they unconsciously broadcast to the opposite sex based on their thoughts, feelings, actions and attitudes.

Battista strives to reveal and heal the emotional and mental obstacles that prevent men and women from experiencing quality, loving relationships. She said, "I often team up with many of the nation's brightest and boldest relationship experts to help you realize better relationships—not only with a mate or loved one, but also with yourself. Dating with Dignity offers you a wide variety of coaching/learning environments so you can maximize your personal growth in the way that feels most comfortable to you."

Karen Kleinwort, Founder of Therapy in Transition, said, "We are really excited to have Marni as part of our panel; she brings a beautiful and supportive energy for our members to connect with. Her dating and relationship training and expertise allow us to ensure our vision of supporting men and women through change and transition, embracing a holistic approach that embodies all five elements of coaching. We know our members will be excited to have such a fabulous resource available to them."

### About Therapy in Transition
