*The new check writing software ezCheckPersonal from Halfpricesoft lets users customize check layouts, set-up and print checks quickly, and eliminates need for expensive pre-printed checks. Software is free through special offer.*

Anyone fed up with writing checks by hand or complicated check-writing software that takes forever can find new satisfaction in the latest edition of **ezCheckPersonal** software. Thousands of users put their trust in check software from **Halfpricesoft**, knowing that they can provide unbeatable reliability and customer service. With this easy-to-use laser check printing software installed on a home computer, customers have a nearly unlimited supply of checks.

*“Nobody wants to spend hours learning to use software to write checks, and writing out the same checks for the same bills month after month is tedious,” said Halfpricesoft.com founder Dr. Ge. “We developed ezCheckPersonal to make check writing and bill paying quick and painless, and to eliminate the hassle of remembering to order checks.”*

The new edition of ezCheckPersonal, the personal laser check designing, writing and printing software, is designed for use by home users with minimal computer skills. Users simply download and install the check software from [www.halfpricesoft.com](http://www.halfpricesoft.com), select the action they want to take, and follow the point-and-click instructions on the screen.

Available online at <http://www.halfpricesoft.com/check-printing-personal-software-download.asp> for as little as \$24 per installation, ezCheckPersonal is known for its ease of use and flexibility. And user can even get it free through online special offer. But most importantly for many Halfpricesoft.com customers is the company’s commitment to excellent customer service. Here is just a sample of the kind of feedback Halfpricesoft.com gets from customers every day:
