Any user, whether he is starting up a new company, making the jump from books to computers, or looking for replacement payroll software, can turn to ezPaycheck payroll software from Halfpricesoft. Halfpricesoft released the new version of its popular payroll taxes software, which gives small businesses and start-ups the easy-to-use and affordable payroll tax solution they need to get started on the right foot.

"Payroll job is important for any business and organization, however calculating payroll taxes can be very time-consuming. We believe small business should focus their time and energy on running their businesses, not trying to figure out how to run payroll software" explains Dr. Ge, President and Founder of halfpricesoft.com. "

The new features of ezPaycheck 2011 payroll application include Customizable Payroll Reporting Feature, Auto-fill Paycheck Data Feature, Customizable Tax and Deduction Features, Employee List Export Feature, Income tax rate updates and Tax form updates, which make the 2011 edition more powerful and flexible than ever.

This affordable payroll tax calculating software, which is available at http://www.halfpricesoft.com/payroll_software_download.asp, is suitable for any small- to mid-sized business or start-ups.
