Vineyard Visits Eliminates Time Spent Planning California Wine Country Trips

Vineyard Visits announced today it is launching a new California Wine Country trip planning service.

Los Angeles, CA, July 26, 2011: Vineyard Visits (www.vineyardvisits.com) launches personal wine country visit planning services focused on California Wine Country.

“Vineyard Visits was created to take the time and hassle out of planning a daily itinerary in wine country” stated Dave Uhlman, Owner/Planner of Vineyard Visits.

“I am excited to help visitors maximize their time in wine country by providing them an itinerary that is built upon what they like and want to do.”

Vineyard Visits starts by talking to their clients about what they want to do. “We think it’s all about how they want to spend their time.” Dave added. Vineyard Visits conducts initial phone or video phone Status Meetings with every client before any trip is planned so that client preferences are used to build the trip.

Vineyard Visits then delivers comprehensive visit plans from airport arrival to first winery of the day to valley departure. Find out more at <http://www.vineyardvisits.com> or call 310.372.3706 for more information.
