

VANCOUVER, BC – August 9th, 2011

For Immediate Release:

NYCE ANNOUNCES SALES AGREEMENT WITH EASTERN INDEPENDENT TELECOMMUNICATIONS FOR CANADA

NYCE Networks, a leading provider of innovative Plastic Optical Fiber to Ethernet products, announced today that NYCE has entered into an agreement with Eastern Independent Telecommunications (EIT) to sell NYCE products in Canada.

EIT is a leading sales and representation company that has been serving the telecommunications industry in Canada for more than 35 years. EIT will represent NYCE's innovative line of residential and commercial Plastic Optical Fiber networking products to customers in the following markets in Canada:

Saskatchewan
Manitoba
Ontario
Quebec
Maritimes

"We are very pleased to be working with EIT," said Lawrence Liu, Sales Manager, Global Markets for NYCE. "They have an outstanding track record of representing suppliers to the telecommunications industry in Canada and delivering excellent service to customers. This agreement will help NYCE expand our ability to reach more Service Providers and customers in central and eastern Canada."

"NYCE offers very unique networking products that can help Service Providers improve service delivery, simplify installations, and reduce repair calls." said Jack Walsh, National Sales Director for EIT, "We are excited to represent NYCE's innovative products to our customers."
