Two Levels.

Though the rooftop is one of the most inviting event spaces in New York City, it is not the only reason to host your event at this location. 1776 Broadway has two levels totaling over 3,800sq. feet and can comfortably accommodate 100 people.

The space is equipped with three separate bathrooms, and a preparation & kitchen area for caterers. The space is accessed via an express elevator dedicated for your guests' exclusive use throughout the event.

Location.

1776 Broadway is located just a minute away from Columbus Circle, but it's the breath taking views of Central Park and Times Square that makes this event space truly one of kind. Guests can even have a once in a lifetime experience watching the New Year's Eve ball drop inside the event space or outside on the heated roof deck.

The space is also centrally located around numerous parking facilities as well as the Columbus Circle Train Station.

Office Space in Historic 1776 Broadway.

1776 Broadway is a historic building in the Columbus Circle area that has been built and adorned with various architectural elements that are synonymous with American Independence.

Elements such as the Liberty Bell led the building to receive the nickname "The Spirit of '76 in Design" by the New York Times in 1928. The building has 115,000 sq. feet of office space spread over 25 stories.
