

•• The DEA Compliance Online Series

Ensuring compliance with federal laws and regulations

...retail pharmacy agrees to pay \$5 million in civil penalties for violating Controlled Substances Act

...hospital fined \$500,000 for the mismanagement of prescription painkiller

...up to \$10,000 per violation for failure to maintain accurate records

...a single lost Schedule II pill can result in a \$10,000 administrative penalty

...not including the prescriber's DEA number or address on a prescription could be prosecuted as a violation of section 842 of the CSA

...Congress amended the CSA in 2010 with the Secure and Responsible Drug Disposal Act

The **DEA Compliance** Online Series provides the perfect solution for achieving compliance with complex DEA requirements.

Written by DEA Diversion Investigators, this series presents clear, step-by-step guidance through the DEA's regulatory requirements and the Controlled Substance Act (CSA).

The series has been developed for these specific audiences:

- Retail Pharmacies
- Independent Pharmacies
- Practitioners
- Professional Licensing Boards
- Professionals Schools
- Universities & Hospitals
- Wholesale Distributors

Courses within the series focus on:

- Establishing procedures for ordering, receiving, storing & dispensing controlled substances
- Completing the forms used to handle controlled substances
- Identifying a fraudulent script
- Understanding potential actions resulting from non-compliance
- Becoming a DEA registrant

The series authors – with more than 40 years of experience as Diversion Investigators – have written the most practical resource available for organizations and individuals who handle or distribute controlled substances.

To earn CPE hours or CEUs of credit for any course within the series, you must complete the course, earn a score of 70% or better on the exam, and complete the course evaluation.

About The Pharma Compliance Group

When details count, compliance is critical. Regulatory codes, like the CSA and CFR, requires that manufacturers, distributors, pharmacies and physicians maintain strict compliance and knowledge of who and how they dispense specific drugs. Compliance failures can result in substantial fines and penalties. The Pharma Compliance Group, comprised of former DEA agents and diversion investigators, provides an expertise that can assist you in building, executing and maintaining strong, comprehensive compliance programs.

The Pharma Compliance Group can assist your company with the Assessments of Existing Programs, New Program Development and Implementation, Due Diligence & Know Your Customer Initiatives, Compliance Auditing, Physical Security Evaluations and DEA Liaison Services.
