

**FREE** digital fingerprint and photo safety program. Specialized digital imagery equipment will only be in your area for a limited engagement! Did you know over 2,000 children are reported missing everyday in the United States? Don't miss this opportunity to get your **FREE** Child Safety Kit, including digital fingerprints and photograph.

**How it Works:** *Operation Kidsafe* captures your child's picture and fingerprints using a digital video capture device, digital ink-less fingerprint capture device and specialized software. The captured data is assembled and a quality 8 1/2 x 11" printout is given to the parent. The parent can use the printout they receive to provide to law enforcement anywhere in the world to *instantly* aid in an investigation.

**NOTE:** No database or records of children are maintained.  
The only record of the visit will go home with the parent for safekeeping.

All children 1 year and older and special needs adults are encouraged to attend.

**AREA DATES AND LOCATIONS:** Just bring the kids, Grandkids and friends, the program is totally **FREE** and only available on Oct. 20, 2012.
