

## iQue Repair Opens the New Year with Three New Locations

*Restoring Your Technology To Its Fullest Potential*

*iQue Repair, a National leader in the iPhone®, iPad® and iPod® repair industry and one of Utah's fastest growing businesses, announced the Grand Opening of its new Midvale retail and repair location, a Sales and Training Center and its Corporate office.*

**Salt Lake City, UT, January 2013** – iQue Repair ([www.iquerepair.com](http://www.iquerepair.com)), headquartered centrally in Utah, announced the Grand Opening of its new Midvale retail and repair facility just across the street from its original location. iQue has plans to convert the original storefront in Midvale to an iDevice Sales and Training facility in the coming months. Also, adjacent to the new repair facility located between Lone Star Steakhouse and Laser Quest, is their new headquarters.

“These are exciting times for iQue Repair,” says CEO, KC Kelly. “We essentially outgrew our original location and now have a larger repair facility with a much better parking situation for our clients.”

“Not only that,” he continued, “We’ve added our Internet Cafe feature found in other iQue stores for people who need to stay connected while their device is being repaired.”

COO, Morgan McKell added, “We’ll be converting our original location in Midvale to a Sales and Training Center. There are a lot of people and companies who want to know more about how to operate their iDevices and we plan to offer classes on how to get the most out of their investment.”

Though not affiliated with Apple, Inc., iQue Repair shares a common vision for providing quality products and repair services for Apple™ mobile devices and computers. iPhone®, iPod® and iPad® are registered trademarks of Apple, Inc. iSmart Protection™, iSmart Elite™, and iSmart Monthly Plans are Trademarks of iQue Repair, LLC. iQue Repair, LLC is a member of the Utah Technology Counsel and ConnectShare.com. They are also finalists in Forbes’ 2013 search for America’s Most Promising Companies.

A recent [iQue Repair video](#) advertising their iSmart Protection plans went viral. Its message was simple, "If you pay anything for an iDevice repair, you're paying too much." Please contact David, The iSmart Guy, at 855-IQUERPAIR or [David@iQueRepair.com](mailto:David@iQueRepair.com) for additional information on iSmart Protection Plans for your organization, company, school district or raising funds for your worthy cause.

iQue's new retail and repair facility is located at 7206 South 900 East in Midvale; adjacent to Laser Quest and Lone Star Steakhouse.

The advertisement banner features the iQue Repair logo on the left, followed by the text "iSMART PROTECTION PLANS™". Below this, three website URLs are listed: "www.iQueRepair.com", "855-IQUERPAIR", and "www.iSmartProtection.com". A central blue box contains five columns of location and contact information. At the bottom, the slogan "THINK REPAIR, NOT REPLACE. THINK iSMART." is displayed in white and blue text.
