

## SHELVE YOUR TAXES WITH THE UNIKEEP TAX ORGANIZER

*Colorful Tax Organization Made Easy with Enclosed Storage Set That Fits on Shelf or File Cabinet While Keeping Documents Safe*

**Marysville, Ohio** — February 28<sup>th</sup>, 2013 — Most of us are all so happy to be done with filing our taxes that we usually don't think much of the mountain of documents, receipts and forms created by the tax process. Generally, we just stash them and forget where we put them until the following year. Now there's a better answer, a way to put those things from the start in a good place. The UniKeep case binder company has really made that choice for storage easy, convenient and attractive.

The UniKeep Tax Organizer case binder is a colorfully labeled kit of enclosed archival accessories that make tax time organization easy and productive. Company President Michele Cole says, "We really wanted to create a fun, functional product and cover a range of customers from the professional organizer to the unorganized and determined." Michele goes on to describe the digital print capability to customize the product for commercial tax preparers. "Branding for commercial tax preparers can help insure their client will return year after year."

Martha Craft a customer who found the product at the Simply Vague store at Tuttle Mall in Columbus Ohio immediately realized the benefit of having a product that can store and organize her documents, receipts and storage that could save time and eliminate mistakes. "I am a bit of an organizational freak with two kids in high school and one in college, I must be able to organize my tax documents," she said. "The colors instantly hooked me, but the fact that it is a kit with everything you need to organize really sold me."

"Our goal is to create unique products that help organize and deliver functionality to every user of our UniKeep binders," said Michele. The UniKeep Tax Organizers are available from select retailers or at [www.UniKeep.com/taxorganizer](http://www.UniKeep.com/taxorganizer).
