

Incredible Growth Projections for iQue Repair Opening Two New Locations in Salt Lake City and Bountiful

Restoring Your Technology To Its Fullest Potential

iQue Repair, a National leader in the iPhone®, iPad® and iPod® repair industry and one of Utah's fastest growing businesses, announced the Grand Opening of two new retail and repair facilities in Salt Lake City and Bountiful.

Salt Lake City, UT, March 2013 – iQue Repair (www.iquerepair.com), headquartered centrally in Utah, announced the Grand Opening on Monday, March 4th of two new iQue Repair locations; one in Salt Lake City near the borders of Sugarhouse and another in West Bountiful adjacent to Route I-15.

"We're excited to bring our customers another iQue Repair facility closer to home and central to Utah's business-mecca," says CEO, KC Kelly. "We continue to grow iQue in this very tech-rich environment."

"We have additional plans for marketing to those not familiar with iQue and a plan for several new locations in the works." He continued, "From here, iQue will reach out regionally to higher population areas which need our services. People outside of Utah will get to experience our relaxing WiFi, repair-while-you-wait environment and other amenities offered at our stores."

COO, Morgan McKell stated, "Having done more than 15,000 repairs this past year, we believe it's the great relationships we have with our customers, the quality repairs we do and our affordable pricing that sets us apart from the rest. We take care of our customers from protection to repair."

Kelly added, "To show our appreciation to loyal Apple mobile device users, this week we'll be running an incredible Groupon at all seven locations as part of this Grand Opening announcement. We want consumers to get to know us before they need us." The Groupon savings coupon may be purchased at, <http://www.groupon.com/deals/i-que-repair-4>.
