Grayhawk Homes Fact Sheet

- Grayhawk Homes has been named a “2013 ENERGY STAR® Partner of the Year”.
- Awarded by the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Energy (DOE), the “ENERGY STAR® Partner of the Year” award honors those organizations that have made outstanding contributions to protecting the environment through energy efficiency.
- The company was also awarded the 2012 ENERGY STAR® “Leadership in Housing” award by the U.S. Environmental Protection Agency.
- Grayhawk Homes was founded in 1992 by Dave Erickson following a 12-year career in the U.S. Army.
- Since 2010, every home built by Grayhawk Homes has met the stringent guidelines required for ENERGY STAR® certification.
- The company currently builds more than 250 homes per year in Georgia, Alabama and Iowa.
- Grayhawk Homes insists on complying with ENERGY STAR® guidelines at all price points, from the company’s Cornerstone Collection, which starts in the low \$120,000s, to the company’s Traditional Collection, where homes are valued at more than \$350,000.
- Grayhawk Homes and its President Dave Erickson have been recognized by *Entrepreneur*, *Builder* and *Professional Builder* magazines as one of the country’s fastest growing home builders and one of the top 100 home builders in the United States.
- Dave Erickson, president of Grayhawk Homes, has twice been named Builder of the Year by local home builders association Greater Columbus Home Builders Association (GCHBA).
- The home builder has been recognized as the No. 1 energy efficient builder in western Georgia by Georgia Power every year since 1996.

- Based on the success of Grayhawk Homes ENERGY STAR® initiative, today every builder in the region has followed suit with some form of energy efficiency measures of its own.
- Grayhawk Homes worked with several of its partners - Norboard, DOW building products, PlyGem windows, Georgia Power and others - to develop a an energy efficiency program the builder could offer to all of its customers.
