

ALWAYS stay connected

THE SUMMER STAYCATION PACKAGE includes a Wireless Access Point and a USB Charger Receptacle to satisfy your entertainment needs all summer long. Whether you're streaming music from your favorite Internet radio station, or the kids are playing an online game with friends, this package is designed to maintain a reliable connection throughout your entire home. The wireless access point dramatically increases the range of your wifi signal, allowing you to move freely from one room to the next without the fear of ever going offline.

PACKAGE FEATURES:

- Centrally located wireless access point expands the wifi signal throughout your home, ensuring a dependable connection from room to room
- With Connection Speeds of up to 150 Mbps, streaming media content and web browsing are fully supported
- The USB charging station allows you to plug your electronic devices into the wall for fast and easy charging without the use of a bulky AC adapter
- Even charge two mobile devices while still maintaining your electrical receptacle

PACKAGE BENEFITS

- Smart devices are extensions of your home and life. The wireless access point gives you the ability to control your Interactive Home System with the push of a button from your smartphone or tablet, anywhere inside your home.
- Always keep your batteries charged. Reduce clutter and increase functionality of all your necessary electronic devices with the USB charging station, conveniently located in your kitchen.

Summer STAYCATION

WHAT'S INCLUDED & WHERE:

- (1) Wireless Access Point (Centralized Accessible Attic Space)

KEY PRESENTATION PHRASES

“Our customers love the entertainment and convenience delivered by these Legrand products. Everyone should be able to move freely throughout their home, portable device in hand, and never have to worry about losing their internet connection. Wirelessly control your Interactive Home Technology, and see who is at your front door from your Smart Phone. The USB charger is the perfect addition to every kitchen - it is both aesthetically appealing and efficient, making it ideal for families with countless electronic devices that constantly need charged. Best of all, it is all included in your Taylor Morrison Interactive Home.”

HOT BUTTONS

ENTERTAINMENT

Online Streaming

“When it comes to online streaming, clarity and speed are crucial. The Legrand wireless access point not only expands the range of your wifi signal to any room throughout your home, but delivers a reliable connection to all your favorite smart devices to meet your entertainment needs. Stream movies, play video games, or browse the web at ease knowing your connections have been maximized.”

CONVENIENCE

USB Charging Station

“Our Interactive Home owners love the functionality and peace of mind offered by the USB charging station. The two ports charge electronic devices at an exceptional pace, ensuring everyone can leave home with a fully charged battery.”

SAFETY

USB Charging Station

“The tamper resistant receptacle not only keeps everyone safe but also puts parents at ease when the kids are home for the summer.”
