

iQue Repair Slays iPhone®, iPad® and iPod® Repairs at Park City's Silly Sunday Market

Restoring Your Technology To Its Fullest Potential

iQue Repair, a National leader in the iPhone®, iPad® and iPod® repair industry and one of Utah's fastest growing businesses, participates in Park City's Silly Sunday Market bringing iDevice repair to this resort community.

Think Repair, Not Replace!

Salt Lake City, UT, June 2013 – iQue Repair (www.iquerepair.com), headquartered in Midvale, Utah, showed their presence at the nearby Park City Silly Sunday event with a hundred other vendors providing on-scene repairs and iDevice accessories to the attendees there.

"The initial reception we received in Park City at this event was phenomenal and we will be there for the remaining five weeks of the Silly Sunday Market," says CEO, KC Kelly. "We are continually amazed at the number of people walking around with broken phones and other iDevices and Park City is no exception."

He continued, "Now that people know we're there for the event, they're bringing their damaged devices to us for repair while they shop and visit with other vendors."

COO, Morgan McKell stated, "I was there the first weekend the Sunday Market opened and was pleasantly surprised at the attendance. Our booth was busy from the start."

Park City's Silly Sunday Market is an eco-friendly open air market and street festival. Located on Park City's Historic Main Street. Every Sunday from June 9th through September 22nd (with the exception of Aug 11th), from 10am until 5pm. Now you can get your iDevices repaired while you enjoy the farmer's market, kids' activities, live music, artisans, performance art, gourmet food, beverages, local produce, and arts & crafts.

McKell continued, "We invite you to bring any of your broken iDevices to the event and if we can't repair it there, we'll take it home with us and arrange for a convenient pickup time at our Salt Lake location or we'll bring it back to you on the following Sunday. Look for our table and we'll take care of you iQue style."
