PackageLog™

Concierge-Level Software That Leverages Packages For Resident Retention.

Mind Blown? You're Welcome!

LOG & DELIVER
Simply put, save up to 80% of time spent managing packages. Now, get back to leasing!

INTEGRATION
Property Solutions was the first, but we're also integrating with the largest property management software in the nation.

AUTOMATED ALERTS
Your alerts look like they come from you, customize them to your heart's desire and build relationships with your residents.

COMMUNICATE MORE
Send unlimited mass text and mass email messages to update residents about events and activities.

ePOD™
We use the same security protocol for signing for packages that your bank uses for securing your money.

RETURN-TO-SENDER
This has to be one of our coolest features. We'll take it from here and remind them until returned.
