FOR IMMEDIATE RELEASE

Richardson Industries Announces Expansion in Sheboygan Falls

Sheboygan Falls, WI: Due to overwhelming demand, Richardson Kitchen & Bath, a division of Richardson Industries, has outgrown their current location. The planned expansion will convert Richardson's Furniture Emporium at 202 Pine Street, Sheboygan Falls, into additional production and showroom space for Richardson Kitchen & Bath. Additionally, the Sheboygan Falls site is the future home of Richardson Industries' corporate headquarters.

As part of the planned expansion, Jim Richardson of the Richardson's Furniture Emporium is retiring. In celebration of Richardson's Furniture Emporium closing, they are offering close out sale pricing until all inventory is sold.

Richco Structures, a division Richardson Industries, has increased its market share through a rapid growth in sales and customer satisfaction. They are one of the largest truss manufacturers in the Midwest employing over 150 people in Sheboygan County. Richo Structures and Richardson Kitchen & Bath are currently hiring full-time 1st and 2nd shift positions.
