How it Works: *Operation KidSafe* captures your child's picture and fingerprints using a digital video capture device, digital ink-less fingerprint capture device and specialized software. The captured data is assembled and a quality 8 1/2 x 11" printout is given to the parent. The parent can use the printout they receive to provide to law enforcement anywhere in the world to *instantly* aid in an investigation.

NOTE: No database or records of children are maintained.
The only record of the visit will go home with the parent for safekeeping.

All children 1 year and older and special needs adults are encouraged to attend.

Special equipment is being shipped in and will be available only the days listed. This is a rare chance to get a lifetime Safety Bio Document for your child with photo and digital fingerprints.

Totally FREE and PRIVATE.
