

PRESS RELEASE

FOR IMMEDIATE RELEASE - September 14, 2015

Paramount & Co. installed nine large frames at the Cleveland Browns stadium using Tensioning Solutions Banner Stretching System.

Tampa, FL - Tensioning Solutions announces the installation of nine large frames at the Cleveland Browns Stadium by Paramount and Co. These eight 22' x 42' outdoor frames and the 310' by 10' Food Court banner were installed using our TS32 aluminum extrusion.

Cleveland Browns Food Court -310' by 13' Vinyl Banner (4,030 Sq. Ft.)

Cleveland Browns Stadium- Three of eight 22'x42' mesh banners

"Our collaboration with Paramount & Co. was exemplary, their professionalism allowed this project to be a complete success, in a record time" stated Michael Cormon founder of Tensioning Solutions.

"Our experience working with Tensioning Solutions was great, the operations went smoothly, and the stretching system was easy to put in place, the results were surpassing our expectations" commented Dan King Partner at Paramount & Co.

About Paramount & Co.

Headquartered in Huguenot, NY, Paramount & Co. is a complete solution industry partner for all of its clients, encompassing a wide variety of services to handle all of their signage needs including design, surveys, project management, production and installations.

One of Paramount's primary locations is the Hudson Valley area of upstate New York, meaning we are able to easily service the entire NYC

Metropolitan area and its surroundings for any size project. Additionally, we are able to provide our services from our Los Angeles, CA, South Florida, and Atlanta-based offices to provide convenient solutions to our clients' needs on a nationwide level. For additional information on Paramount and Co. services, please contact Dan King, Partner, (Dan@paramountandco.com) or visit www.paramountandco.com.
