SUBJECT: ACQUISITION OF PRIME INFORMATION CENTER

DATE: SEPTEMBER 24, 2014

DISA is pleased to announce its recent acquisition of Prime Information Center (Prime). Established for over 25 years, Prime is well known across the Gulf Coast Region as a leading provider of background screening services.

Like DISA, Prime's core business has been centered in the oil and gas and petrochemical industries. The company has been an approved provider for the Houston Area Safety Council's NABSC program since its inception, and is also mandated by the Corpus Christi Safety Council. Joining forces with Prime allows us to expand the scope of our background screening services to the energy sector, while increasing our coverage in other market sectors.
