

NICARAGUA TO CELEBRATE ITS 20TH YEAR AT WTMLONDON

Nine Nicaraguan Tour Operators and Hotel Representatives to Greet Visitors at Stand LA475

(Managua, Nicaragua, October 8, 2015) When the doors open at the 2015 World Travel Market London, nine representatives of Nicaragua's finest tour companies and hotels will celebrate the 20th anniversary of the country's participation in this stellar event. The group will share the latest tourism news from the "Land of Lakes & Volcanoes," where the number of annual visitors continues to grow and last year exceeded one million.

In 2015, Nicaragua made the "Top Travel Destinations" list of **Forbes.com**, **Lonely Planet** and **Travel + Leisure** for good reason: New hotels, resorts and eco-lodges; emphasis on sustainable tourism; improved roads and border crossings, and new international flights and regional airports make it easier for visitors to experience the vibrant nature, rich culture and adventurous activities that make a vacation in Nicaragua so memorable.
