Mission Reality began as a reality TV show. Tammy Lane set out with a team to minister to the needs of others in India and Kenya while documenting the process to show people in the U.S. what the experience is like. While filming Seasons 1 and 2 of Mission Reality in India, the many needs of the people became revealed to the team. Thus, Mission Reality has since then launched new ministry programs including Mission Love Exchange and Mission NOW.

Mission Reality now provides ongoing care through these ministry programs to the people of India and is seeking individuals and businesses to partner with them. Seasons 1 and 2 of the TV show are available on DVD for purchase on their website. Season 3 of Mission Reality Features “Millions from One” in Honduras and Guatemala, and is now in post-production as they are seeking distribution. UPLift TV plans to air a Christmas special soon, to feature Mission Reality and launch the airing of Season 1.
