LE PAINTED GRAPE OPENS NEW LOCATION IN DENVER

Wine Glass Painting Company brings it's classes to the Denver Metroplex

Denver, CO, January 18, 2016– Le Painted Grape is proud to announce the opening of it's Denver location. With wine glass painting classes in Dallas and Fort Worth Texas, Le Painted Grape is now holding classes in the Denver area.

'This is a new, fresh approach to the paint and sip concept. We use wine glasses instead of the typical bulky canvas for our painting classes, and have fun teaching guests in group classes how to create a useful piece of art!' – Pam Lester, owner

Le Painted Grape is a mobile art company that holds public wine glass painting classes in Wine Bars, Wineries, and trendy restaurants on a weekly basis. In addition to public classes, the company also holds private classes for events such as birthday parties, corporate events, and bridal showers. The classes are designed with a step-by-step approach so that it reaches every level of painter. Classes are created to have a fun night out while sipping wine and creating a useful piece of art.

'I had so much fun! This is a Great idea for Girl's Night.' – Scymentress Williams, Facebook user 5 star review
