FOR IMMEDIATE RELEASE

Smart Gladiator LLC Named a TAG Top 40 Innovative Technology Company

Technology Association of Georgia Honors 40 Companies for Innovation and Contributions to the State's Technology Community

ATLANTA (February 22, 2016) – The Technology Association of Georgia (TAG), the state's leading association dedicated to the promotion and economic advancement of Georgia's technology industry, today announced **Smart Gladiator LLC** as one of its Top 40 Innovative Technology Companies in Georgia. TAG will recognize this prestigious group at the 2016 Georgia Technology Summit (GTS) on March 17, 2016, at the Cobb Galleria Centre.

TAG'S Top 40 Awards recognize Georgia-based technology companies for their innovation, financial impact, and their efforts at spreading awareness of Georgia's technology initiatives throughout the U.S. and globally.

"The 2016 Top 40 finalists are an elite group of innovators who represent the very best of Georgia's Technology community," said Tino Mantella, president & CEO of TAG. "The 2016 Top 40 finalists are shining examples of what makes our State such a hotbed for technology and we applaud them for standing out as leaders in Georgia's technology community."

This year's Top 40 Companies were selected from among over 100 applications submitted by companies from across Georgia. Companies selected for the "Top 40" will be showcased in an exhibition at The 2016 Georgia Technology Summit.

"An extraordinary number of truly innovative technology companies participated in this year's Top 40 competition, demonstrating the depth and breadth of Georgia's technology community," said Dennis Zakas, managing partner of Zakas & Leonard, LLP, CEO of Zinc., and chairperson of the Top 40 Selection Committee. "In fact, based on the quality of the contestants, we could have had a 'Top 60' without losing a beat."

Smart Gladiator helps Retailers, Distributors and Logistics Service Providers mobile enable their Supply Chain & Operations processes with its Wearables for Operators, Tablets for Supervisors and Gamification for better engagement. By mobile enabling their Supply Chain & Operations processes, companies can not only realize tremendous cost savings, but also provide a much more user-friendly work environment for everybody that is engaged in executing Supply Chain processes.

The 2016 Georgia Technology Summit is expected to draw a crowd of more than 1,300 C-level executives, entrepreneurs, technology professionals and academia to celebrate and recognize Georgia's technology community. In addition to presentations from some of the top technology influencers in the nation, the newest member of the Technology Hall of Fame of Georgia will be inducted.

About Company

Smart Gladiator helps Retailers, Distributors and Logistics Service Providers mobile enable their Supply Chain & Operations processes with its Wearables for Operators, Tablets for Supervisors and Gamification for better engagement. By mobile enabling their Supply Chain & Operations

processes, companies can not only realize tremendous cost savings, but also provide a much more user-friendly work environment for everybody that is engaged in executing Supply Chain processes.

While the rest of the world is facetimeing, youtubing, whatsapping with their mobile devices, the warehouse operator is stuck with a 25 year old technology. Unleash the productivity of your operators, supervisors & Managers with Smart Gladiator Wearables, Tablets & BYOD Apps. Not only Smart Gladiator Mobile Eco System contribute directly to bottom line by saving at least 6% in labor costs, but also makes life and morale of associates so much better by engaging millennial workers with latest, fastest technology, providing mobile capabilities such as texting, Face-timing, video based training, picture sharing for better collaboration in an operations setting.

Smart Gladiator is located within ATDC - Advanced Technology Development Center in the Tech Square area within Georgia Tech Campus. ATDC is a technology incubator, supported by State of Georgia for companies that bring state of the art innovative technology to market.
