***Orchid Aesthetics Demos New Forever Young BBL Laser at Open House  
March 28 – April 2***

**New York, NY (March, 14, 2016)** – Orchid Associates, a state-of-the-art medical spa offering a full range of non-surgical aesthetic treatments, will zap you back to a beautiful you with a free demo during a week long Open House, March 28 - April 2, 57 West 57 St, Ste. 1203, NYC, to unveil Forever Young BBL™, a new approach to younger looking skin.

The revolutionary Forever Young BBL™ (Sciton) laser treatment sends light energy deep into the skin to boost the body's natural ability to fight aging. Treating any area of the body, long-term clinical studies show that patients who received regular BBL treatments over the course of a decade appeared 11 years younger than their actual age, younger than when they began. The non-invasive treatment requires no downtime.

"It's important to understand that skin is not just an external covering, but also the body's largest organ that protects all the delicate body parts lying underneath it," said Roxana Kerns, MD, board certified anesthesiologist and Director of Orchid Aesthetics Medical Spa. "When Forever Young takes the skin back in time, it not only offers a more youthful appearance, but it also helps to maintain a more healthy you."

Free demos of Forever Young BBL™, RSVP required, will be held from 11 AM and 4 PM, Monday through Friday, and at 12 PM on Saturday. Daily raffles will give guests chances to win treatments for laser hair removal, skintight and firming, spider veins, acne and a Forever Young photo facial. Honing the knowledge that beauty is inside and out, Orchid Aesthetics specializes in a wide variety of luxurious, organic and affordable anti-aging and skin care treatments to regenerate the face, hair growth and overall body.

Dr. Kerns, a trained surgeon who completed a curriculum in Cosmetic Acupuncture/Mei Zen system, is a diplomat of the American Board of Anesthesiology and member of the American Board of Medical Specialty.
