

DIGILAND ... a unique new collaborative environment, **LOCATED ON THE HISTORIC JIM HENSON LOT (the Muppets first Studio)** ... a destination for digital disruptors, content creators, and entrepreneurs. Explore our facility & enjoy live entertainment.

We're unveiling the first collaborative work space with studios in the San Fernando Valley.

Where: **DIGILAND - 2443 N. Naomi Street, Burbank, CA 91504**

When: **Thursday, April 28, 2016 // 11:00 AM to 4:00 PM**

RSVP: **discoverdigiland.eventbrite.com - This event is invite-only with limited capacity. [Sign up now](#) to claim your complimentary spot on our exclusive guest list.**

We sit at the intersection of **entertainment, technology** and **culture**. Our beautifully designed cutting edge facility includes collaborate work spaces, pilot offices, conference rooms, creative suites, sound stages, and post-production rooms, to equip entrepreneurs at all levels. Located in Burbank, and founding home to Monster Garage, Deadliest Catch to name a few, **DIGILAND provides engineers, entrepreneurs and content creators the resources needed to build businesses for the modern world.**

Come meet the anchor tenants: **Thom Beers**, former CEO of Fremantle Media, now of BoBCat, creator of Deadliest Catch, Ice Road Truckers, Storage Wars, and 1000 Ways to Die. Plus, EveryDay Networks CEO, **Andy Schoen**, and Founder and former CEO of Premiere Networks, now Business Rockstars, **Steve Lehman**, as well as longtime MTV Executive and Business Rockstars on-camera personality, **Ken Rutkowski**, doing his live Network broadcast from the Business Rockstars studios. (He will be interviewing folks live from the studio within **DIGILAND**.)

Come and engage with some of the sharpest minds and content creators in Los Angeles. Explore our facility, meet our partners, while enjoying **BBQ, drinks and special surprise LIVE Entertainment.**

DIGILAND is the destination for digital disruptors, content creators, and entrepreneurs... create, connect and collaborate. As an epicenter for some of the most impactful leaders in media, entertainment and technology, it's our turn to open doors for those actively designing the future.
