SBA Designates E-Logic, Inc. as an 8(a) certified company

E-Logic, Inc. open for business with broader US Government clientele due to the September 30, 2016 certification as an 8(a) company by the SBA

September 30, 2016 – Washington D.C.
SBA DESIGNATES E-LOGIC INC AS 8(a) CERTIFIED

E-Logic, Inc. proudly announces that they have successfully met the US Small Business Administration's (SBA) guidelines to participate in the U.S. Small Business Administration's (SBA) 8(a) Business Development Program. The company is now certified by the SBA as an 8(a), HUBZone, Small Disadvantaged, Minority-Owned business as of September 30, 2016.

This certification will enable E-Logic to expand its presence within its US Government clientele and opens doors into prime contracting opportunities and other business relationships. "We see this as an important milestone in the history of E-Logic" says Luis Padilla, CEO of E-Logic. "This certification means E-Logic will now be able to target more federal business opportunities. It narrows the playing field and we hope it will allow us to bring more business and jobs home to the District of Columbia. We have proven to the SBA that as a company we are ready to embark deeper into government contracting, we are ready, and we plan to continue to grow."

The SBA approved E-Logic, under North American Industry Classification System (NAICS) Code 541511, the firm may be awarded contracts under other NAICS Codes too.
