

## **RELiON Battery Hires David Chambers** RELiON's Executive Team Continues to Grow

Fort Mill, SC, February 17, 2017 – RELiON Battery continues to expand its executive team and has hired industry veteran David Chambers as Vice President of Global Sales. In this role, Chambers will oversee the company's international operations and coordinate global sales teams.

Chambers brings with him over 25 years of global battery sales experience, which most recently includes a position as Director of International Sales with Trojan Battery Company. In this role, he was the driving force in developing and expanding Trojan's international growth over a 17-year period.

"David's working knowledge of the industry combined with his trustworthy reputation and passion for our products make him a great addition to our expanding team," said Paul Hecimovich, CEO of RELiON Battery.

In addition to his prior experience in international sales, Chambers has worked in account management, product marketing and new business development in the battery industry.

"I am really excited to be joining a team that is considered the brand leader in the lithium iron phosphate drop-in replacement market. I look forward to working with Paul and everyone at RELiON to further develop and expand the business in the global markets," Chambers shared emphatically.

Chambers currently resides in the U.K., but his work stretches across the globe.

### **About RELiON**

RELiON Battery Company, with global headquarters in South Carolina, USA, is a premium provider of Lithium and R4000 Dry Series batteries. The company provides customized energy solutions for a variety of applications around the world, as well as a full range of customer service and technical support. RELiON is invested in the success of its customers, partners, employees and the future of clean energy production and storage.
