

JobForDrones.com SELECTED AS A 2017 MITX AWARDS FINALIST
Site Recognized for Outstanding Achievement

BOSTON – JobForDrones.com, developed by the talented team at Boston-based [Outsight Interactive](#), has been selected as a finalist in the Innovations in Connecting People category for the 21st Annual MITX Awards. Held annually by the [Massachusetts Innovation & Technology Exchange](#), the awards celebrate the innovation and creativity thriving here in New England.

Since 1996 the MITX Awards have grown to become the largest and most prestigious awards competition in the country showcasing the best creative and innovative accomplishments in the area. This year over 100 senior leaders from Boston businesses judged entries for the MITX award categories.

“For 21 years, MITX has been celebrating the people, ideas and companies that fuel this thriving technology and innovation hub,” said MITX President Amy Quigley. “This year’s finalists are incredibly impressive. We are thrilled to honor their achievements!”

JobForDrones is an online drone services marketplace, connecting licensed commercial drone operators with customers. Operators can create profiles: customers can post jobs, request bids, field questions, and hire droners. Since launching in October of 2016 over 1000 commercial operators have registered on the new site.

"I'm thrilled to have the site - and the extraordinary team at Outsight Interactive - recognized by MITX. Our industry is seeing so many new innovations every day - it's really exciting to be part of that," says Miriam McNabb, JobForDrones CEO. "We're looking forward to growing even faster in the next year, helping more commercial operators find work and grow their operations."

“It is not every day that you are approached with the opportunity to create a platform to facilitate an entirely new industry,” says Denise Preston, Co-Founder and CEO of Outsight Interactive. “We were excited to be a part of bringing [JobForDrones.com](#) to life and are truly thrilled that it is already garnering industry recognition.”
