

WHEN PLANNING A TRIP,  
GET PERSONAL  
RECOMMENDATIONS  
FROM YOUR NETWORK  
OF FRIENDS.

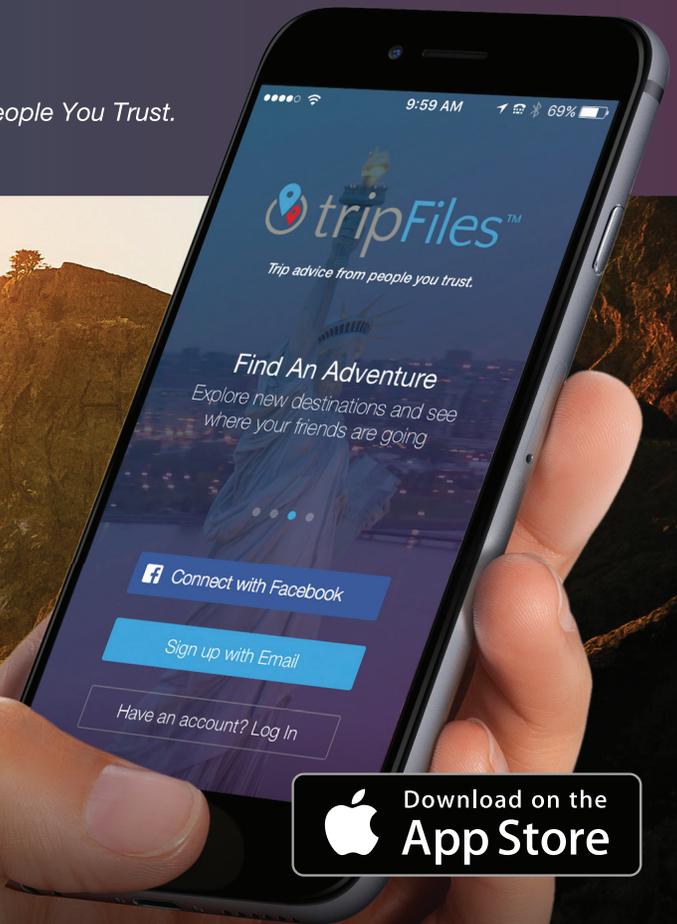

# 3 WAYS TO PLAN

- 1 Check out your friend's profiles, find things that you like and add them to a list or directly into your trip.
- 2 Ask your friends to create a list of places and share it with you or
- 3 Auto create an itinerary based on where your friends have been

Then when traveling alone or with others, you can easily create a **shared trip experience** by downloading photos, reviews and notes. You decide to share your trip publicly or privately, real time or after the fact when you are back at home.

It's your families personal travel history at the touch of your fingers. We'll help kick start your journey by **auto-loading** your first few trips.

And , check out your recent activity feed to see your friends trips unfold before your eyes. *You may not be there in person, but you won't miss out on the moments!*

App Store

## TRAVEL AGENT CENTRIC

- Your knowledge is an asset. Share special trips and tips with key clients privately.
- Watch your clients adventures unfold guiding and providing feedback along the way.
- As tripFiles user base grows, list your agency and/or post some trips as a specialty travel boutique to find new customers.
