FOR IMMEDIATE RELEASE

Twinpanzee Brewing Company to Open Loudoun County's Newest Family Owned Nano Brewery in Sterling, Virginia: Grand Opening Celebration Saturday, August 12, 2017 12pm-10pm

Sterling, VA, July 19, 2017 – Antonio Maradiaga and Maha Majdoub are opening Loudoun County's newest and most anticipated family owned nano-brewery in Virginia; Twinpanzee Brewing Company. After an extensive search in Fairfax County, the couple was invited in 2016 by Loudoun County government officials to open their dream brewery in Loudoun County. Soon after the meeting, Maha and Antonio secured a space on July 2016 in Sterling and began construction. Antonio notes that "The location of our brewery is perfectly situated near Dulles airport, route 28 and Old Ox Road. We hope our location and hand crafted beers will bring people from all over the area to try out our brews."

Members of the public and press are invited to the Grand Opening Celebration of Twinpanzee Brewing Company which will be held at 101-D Executive Drive in Sterling, VA on August 12th from 12pm-10pm.

Inspired by their love of their twin boys lovingly referred to as "the monkeys" and craft beer, Twinpanzee Brewing Company was created to be one of the area's only self-funded "bootstrapped" family owned breweries. Twinpanzee Brewing company's mission is to artfully create and serve the best primate brewed beers. The beers will not be distributed and will only be available at Twinpanzee Brewing Company's tasting room. Many of their beers will be limited releases, brewed in small batches.
