**Iuonut LLC Released A High Quality Product After 6 Months of Testing**  
*Scratch Of Map Company Has Got Great Feedback On Their First Product*

**Wilmington, Delaware:** Today, Iuonut LLC a specialized Scratch off Map company has finished with their product testing. After releasing the product in February 2017, they gathered feedback from clients and improved the product based on it. Six months of hard work and happy clients has translated into releasing the product onto the biggest e-commerce site in US, [Amazon.com](https://www.amazon.com).

The company CEO, Alex Iuonut said: "This 6 months of product testing and feedback gathering, brought us at the point in which we can say that we have a high quality product with great reviews. We have decided to release this product into the US market by publishing it on the biggest e-commerce site in United States which is [Amazon.com](https://www.amazon.com). We are constantly gathering feedback to improve quality and customer experience because we love and respect our clients."

To gain feedback in the process, Iuonut has planned and executed the following tactics:

- Released the beta product onto the US market and reached out to clients for feedback.
- Continuous communication with the factory staff brought the product the quality that it has today.
- After gathering feedback, the company decided to list the product onto the biggest e-commerce site in US with a huge discount for its first customers, 53% off.
- Soon after the launch of the product, we got happy clients with awesome photo and video feedback.
