GBS is an insurance claim technology corporation. Our focus is to assist organizations in developing a variety of technology - based programs that meet your specific goals.

Our job is to design and implement a program work flow around your goals that leverage our technology and resources to save your firm time and money.

We will assemble a team of experienced, quality professionals specifically for your project.

We would welcome the opportunity to work with your organization from plan conception through final implementation.

Group Benefit Services, Inc. (GBS) is an insurance claim technology organization headquartered in Springfield, Missouri. GBS has twenty-five years of experience in creating and administering self-funded health plans. A high level of flexibility and proven expertise gives GBS the ability to accommodate a diverse client base by developing innovative solutions, offering market-competitive pricing, and providing high quality service to help all clients

achieve their individual objectives of lower healthcare costs, optimal health outcomes, and positive member experience.

Our focus is to assist Plan Sponsors in developing employee benefit programs that yield very specific, achievable goals. During the process of developing a benefit program, we also design a comprehensive administrative package around the needs of your organization, leveraging our technology and resources to save you time, effort, and liability, all of which result in substantial savings to the plan and greater member experience.

The GBS Difference

We realize you are committed to providing quality and affordable benefits for your plan members, but no organization is immune to the cost challenges posed by growing medical and pharmacy costs. GBS has grown with the industry to offer strategic, sophisticated approaches to manage the medical & drug benefit, while maintaining emphasis on outstanding service and attention to the unique needs of each individual.

GBS built infrastructure to provide a fully integrated range of solutions to the employee benefit management problems faced by employers today, and we can tailor our programs and services for your specific needs and expectations.

Attaining your strategic health care benefit objectives depends highly on your organizational decisions about your programs and your plan members make regarding their individual healthcare choices.

Our programs and services aim to empower you and your plan members by providing the tools they need to join us in making smarter and more economical health care decisions.

We look forward to communicating with your organization on how to secure the industry's best practices and adapt to rapidly changing medical and pharmaceutical landscape, while providing a premier quality benefits program for your plan members.

We can provide the significant difference you seek to help secure the top quality results as you plan your organization's healthcare future.
