CleanCut Technologies Demonstrates Medical Device Packaging Solutions and Offers Facility Tour during MD&M West 2018 Show

ANAHEIM, Calif., (January 2, 2018) — CleanCut Technologies will be showcasing their innovative line of medical device packaging products and services in **Booth #1473** at the **MD&M West 2018** Show on February 6-8 at the Anaheim Convention Center in Anaheim, CA. The company is inviting interested medical device manufacturers and packaging designers to tour CleanCut Technologies' facility near the Convention Center in Anaheim.

Medical device manufacturers will have the opportunity to discover why CleanCut Technologies is truly a one-stop source for all of their medical packaging requirements. CleanCut Representatives will be on-hand to provide samples and information on the following products and services:

- Clipless Catheter & Guidewire Dispenser
- HDPE Pouch Cards
- Pouches & Lids
- Cartons & Shippers
- Free Design & Prototyping
- 3D Printing
- Pad Printing
- Contract Packaging Services
- Tube Flaring

Attendees will discover custom medical device packaging solutions that are designed and manufactured to not only make the device packaging safe, sterile and repeatable, but will reduce the material footprint and overall material and production costs.

CleanCut Technologies is a short drive from the Anaheim Convention Center. Medical device manufacturers and packaging designers are invited to tour the 70,000 sq. ft. facility including the cleanrooms, Design department and more. Appointments may be set at **booth #1473** or by calling **714-864-3500** or emailing info@cleancuttek.com. Transportation will be provided.

###
