PROCIDA ISLAND

Procida is the smallest island of the Gulf of Naples, with a surface of just 4 km². It is peaceful, intimate, exclusive, and avoids the summer crowds found in neighboring Ischia and Capri. Procida has an authentic charm that expresses a deep maritime identity, and maintains strong cultural traditions. The island has a long history to tell, rich in traditions, unique customs, delicious oenogastronomy, breathtaking landscapes, fun events, and is complete with stunning architectural and natural beauties which have inspired both writers and film makers of world-wide reputation.

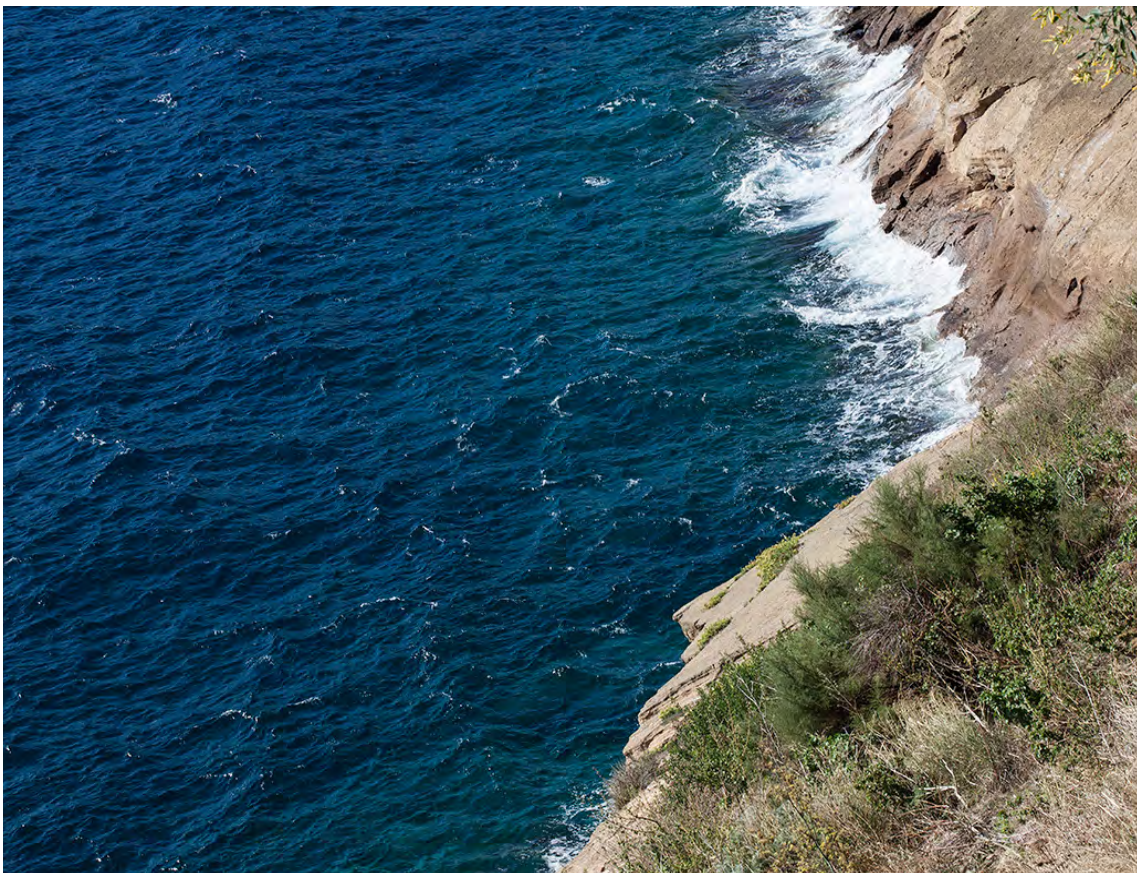

EVENT IN THE ISLAND

Sagra del Mare - The Festival of the Sea, which has become a custom almost ninety years ago, is a tribute to the people who died at sea. The festivities commence with a large boat procession departing from the marina. Sirens are played, and a crown made of local flowers is thrown into the sea, as an offering to the deceased. This launches the Sagra, where gastronomic delights, competitions, and concerts can be enjoyed.

Beauty Pageant Graziella - In 1849, the famous French author Alphonse de Lamartine, wrote an autobiographic novel featuring a stunning young woman named Graziella, from Procida. The Festival of the Sea culminates into the parade of the Grazielle- young women who adorn traditional, elaborate costumes representing the beauty of the island. The women are judged, and whoever is chosen to be Graziella is the one who most closely resembles the beauty that de Lamartine described in his book.

Jazz Concerts - Throughout the summer season, there are some special evenings with live jazz music played against the backdrop of the sea, and the picturesque Marina di Corricella. You can sit outside in one of the many characteristic restaurant.

EVENT IN THE ISLAND

Sagra del Vino - A great event for wine lovers who want to sample the best of what the island has to offer, the festival coincides with the vendemmia (wine harvest) in October, and takes place in Cottimo, overlooking the sea. All of the wine producers come together to give you the opportunity to sample the past year's vintage.

Procida Film Festival - A very well-known event on Procida is the film festival, which was created for the many films that were shot on the island. It is an incredible sight to see. If you do not make it to the procession of the Mysteries, you can visit the work of the participating artists in the Museum.
