Simone Noordegraaf to lead iPEC Europe

Joan Ryan, CEO of iPEC: "Over a year ago, we made the decision to prioritize expanding our reach in the world. The only challenge was finding the right partner. I'm more than pleased to say that we have found the perfect partner to help us bring iPEC's Coach Training Program far beyond our current boundaries. Simone and I are beautifully aligned in our dedication to the mission and vision of iPEC. In a very short time, we've built a committed partnership which will provide the foundation for truly exponential growth."

Simone Noordegraaf: "Five years ago, I enrolled in iPEC's Coach Training Program in the United States, with the intention of having a deeper and lasting impact on the people around me. The experience was truly inspiring. I walked away with a more comprehensive skill set than I could have ever imagined. As a senior executive in a large corporate organization, I evolved into a coaching leader through iPEC's programs, empowering and growing my teams in an accelerating and continuously changing world. For the past five years, I have been on a mission to bring iPEC to Europe. This fall, my dream came true when Joan and I brought our visions together and drafted a plan to expand iPEC's reach into central and western Europe."
