## **New Consulting Firm Announces Global Launch**

SEATTLE — December 16, 2016 — Adeptec, Inc. is proud to announce the launch of its new global business operation. The company's global headquarters is located at 1916 Pike Place, #1329, Seattle, WA 98101. Due to the company's plans for rapid expansion, Adeptec will also open branch offices in Cork, Ireland and Melbourne, Australia.

Adeptec provides professional services for IT management that include: planning, implementation, customization, optimization, support, and training.

*"We are committed to the success of our clients and technology partners by providing prompt delivery of quality services." said Isaiah Carriere, President and CEO of Adeptec. "We pride ourselves on our ability to drive measurable results to help our clients achieve their objectives for IT management." he added.*

Adeptec's services offerings are available to clients in several countries around the world, including the regions of North America, Europe, Oceania, Africa, and the Middle East.

### **About Adeptec**

Adeptec is a global IT Services company delivering innovative solutions that improve the way organizations manage IT. Each day, we leverage our extensive industry expertise to counsel our clients to make informed decisions and to solve their most complex and difficult technical problems.

Headquartered in Seattle, Washington, our highly trained and dedicated professionals serve clients worldwide in the Americas, Europe, Africa, and the Middle East. Adeptec consultants operate across 14 sectors and in 70 countries with clients that include Fortune 500 companies, government, and private organizations.
