SERENO REALTOR JASON NORIEGA HONORED BY SANTA CLARA COUNTY

PALO ALTO, CALIFORNIA, May 14, 2018 -- Sereno Group proudly shares that Santa Clara County Behavioral Health Board recently honored realtor Jason Noriega with a Volunteer Community Hero award. Noriega received this honor for his service on the board of Momentum for Mental Health for over eight years, including as its Chairman for three years. Momentum for Mental Health is the largest nonprofit provider of mental health services in Santa Clara County and offers treatment for adults, teens, and families experiencing serious mental illness. The Santa Clara County Behavioral Health Board Volunteer Community Hero awards recognize individuals like Noriega for their hard work with programs devoted to providing behavioral health services with empathy for those in need throughout Santa Clara County.

While receiving his award, Noriega thanked his parents for teaching him about empathy and compassion. Carrying those values forward into his work as well as his volunteerism, Noriega participates in Sereno Group's 1% for Good program, which donates 1% of Sereno's gross commissions to charitable groups in our local communities. Noriega applied for and received a grant of \$20,000 from 1% for Good in support of Momentum youths' college attendance.

In his acceptance speech, Noriega shared his hope that Santa Clara will be known as the "County that Cares, that we help the addicts, the homeless, the mentally ill." He continued to share his belief that "one person can affect a few lives, but, together, we can affect our community."

In addition to his service for Momentum, Noriega began the first-ever mental health support group for Venture Christian Church, which has grown to include 20 professionals and volunteers in support of men, women, and families. Noriega resides in Santa Clara County with his family.

About Sereno Group:

Founded in 2006, Sereno Group Real Estate currently has 350 real estate professionals serving four counties in Silicon Valley. With nine office locations, the company has grown from a small, one office, 27 person upstart to an established, reputable, and leading residential real estate firm in one of the world's most exclusive markets. The company has built its success through a

commitment to excellent standards of professionalism, high character top producing agents, and a commitment to responsible citizenship in the communities served.
