**Vendor Selection. Insurance. Bonding. Compliance.**

**The tasks are endless.** Scheduling multiple vendors takes a significant amount of time and energy that reduces your overall productivity.

Trying to keep a handle on your bottom line isn't always easy – it can be a daunting responsibility for facility managers.

Until now.

## Introducing ServiceSync

### Facilities Management Simplified

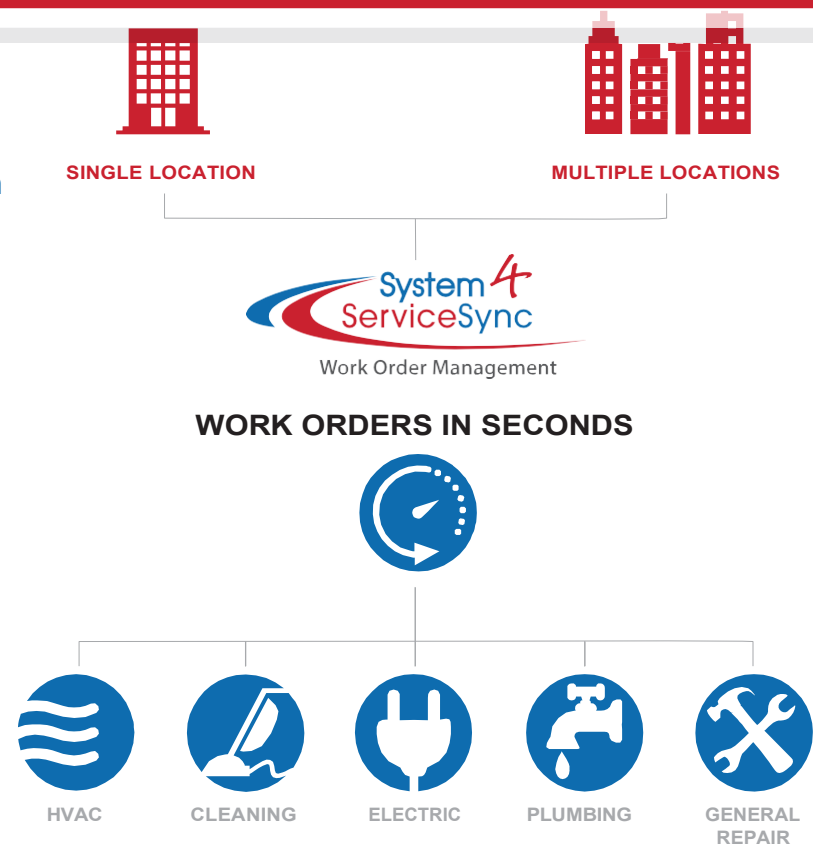

ServiceSync, along with our staff of industry experts, streamlines the process of managing your facility by managing all the vendors, all the contracts, and all the vendor compliance with just a touch of a button. You can access it via computer, smart phone and tablet. This robust program will minimize your headaches so you can focus on what's really important -- your core business. System4 and ServiceSync will take care of the rest -- inside and out.

- ▶ ServiceSync's detailed reporting feature and not to exceed amounts help clients control their costs.

**Service is just a click away!**
