PMI Metrolina Chapter Wins Category III Chapter of the Year for 2018

PMI recently honored 11 finalists and 3 winners during the PMI Chapter Awards Ceremony in October at the PMI® Leadership Institute Meeting in Los Angeles, California, USA. Based on nominations from global chapters, PMI honored those chapters who represented the best of the best from across the world of PMI chapters.

Since 1995, The PMI Chapter Awards program recognizes PMI Chapter Leaders for their volunteer efforts and provides acknowledgement of their contributions toward achieving PMIs goals. These awards recognize and honor those chapters that have made significant contributions to the project management profession, their members and to the Project Management Institute. The finalists were recognized for achievements in the following three key areas:

- Exemplary contributions to the profession of project management
- Programs and services that provide significant value to chapter members
- Alignment to the core values and strategic plan of PMI as a whole

The PMI Metrolina chapter won the Chapter of the Year award for chapters that have over 1,500 members.

About PMI Metrolina

Founded in 1985, PMI Metrolina delivers value for more than 2,800 professionals working in 60 North Carolina Counties. In addition to creating evolving education and professional development opportunities, PMI Metrolina has an excellent Military Liaison Program. The program, started in 2014, creates partnerships between chapter leaders and Service members within the community. Based on the unique geographic footprint of PMI Metrolina and strong military presence within, this continues to be a success story for the Chapter and PMI overall. About Project Management Institute (PMI)

Project Management Institute (PMI) is the world's leading association for those who consider project, program or portfolio management their profession. Founded in 1969, PMI delivers value for more than three million professionals working in nearly every country in the world through global advocacy, collaboration, education and research. We advance careers, improve organizational success and further mature the project management profession through globally recognized standards, certifications, communities, resources, tools, academic research, publications, professional development courses and networking opportunities. As part of the PMI family, ProjectManagement.com creates online global communities that deliver more resources, better tools, larger networks and broader perspectives.
