ZipSprout announces their Local Sponsorship Finder Launch

Raleigh-Durham, NC - ZipSprout is excited to announce the launch of their Local Sponsorship Finder; a web-based tool that helps marketers, local SEOs and small business owners conducting a hyper-local sponsorship campaign anywhere in the US.

The Local Sponsorship Finder enables brands to reach out to local nonprofits and community events that provide local branding benefits, in-person lead generation and of course links that can drive local search rankings.

Agency founder Garrett French believes brands of all sizes - small business to enterprise - benefit when they join their local communities via sponsorships. As Garrett says, "the Local Sponsorship Finder creates a marketplace of local sponsorship opportunities, the gateway to hyper-local engagement."

The team at ZipSprout is welcoming more Beta users to have -for a limited time- free access. To sign up, go to <https://lsf.zipsprout.com/register>

Let's get local!
