Glamping is Now Even More Accessible in the Pacific Northwest

Life inTents pitches their new “tent” in Portland.

Portland, OR, April, 2, 2019 – Life inTentsSM (www.LifeinTents.com), a full-service tent “glamping” service company that puts comfort and connection at the heart of their operation, has established its Headquarters in Portland, Oregon. Life inTents specializes in creating comfortable, temporary outdoor accommodations in desirable but remote locations. This new West Coast base of operation reflects the growing demand for fun and stress-free outdoor hospitality at “off-grid” festivals, wellness retreats, reunions and weddings.

The company, established in 2016, began by renting vintage camping trailers and campervans and is now focusing on creating pop-up group campout villages. Life inTents sets up and furnishes spacious canvas bell tents where traditional hotels and B&Bs aren't conveniently accessible. Their central goal is to help guests disconnect from technology and the stresses of everyday and reconnect with each other and the natural beauty of nature by eliminating the worry and work of camp set-up.

“We live in a time where people desperately seek rejuvenating experiences, which is why the ‘glamping’ industry is expected to be a \$1 billion industry by 2024,” said Brandy Lamb, Co-Founder of Life inTents. “We have seen first-hand the restorative benefits that clients experience by briefly disconnecting from technology and instead reconnect to friends, family and nature after a couple nights under the stars. We believe in living life with intent, and exist to facilitate access to comfortable and turnkey group camping so that guests can fulfill their own life intents. Whether an event or experience is large or small, it is significant. It is intentional. It is memorable.”

The Life inTents menu of services for both the avid or non-experienced camper includes the set-up of fully furnished canvas bell tents for sleeping or just lounging. The tent furnishings include: foam queen beds, woven rugs, chairs, end tables, lanterns, pillows, sheets, blankets, and more.

Full event hospitality services come standard with:

- Assistance with planning event logistics
- Coordination of guest reservations and payments
- Delivery, set-up, and furnishing of bell tents

- Optional concierge and bell hop services available
