Featured Speaker: Dillon Mendes

Dillon is an alumnus of the Top 35 under 35 global changemaker awards, the co-founder of the social enterprise, PickWaste (featured on CBC, CTV, and CityNews), and a TEDx & youth speaker. Dillon will share three major lessons that he has learned over the past number of years regarding impact creation. Firstly, the importance for young people to be their true authentic selves in a world that is telling them not to. Secondly, Dillon showcases the power of what can happen when a community comes together to achieve a common goal. Lastly, he shares the hard truth that in order to create an impact, individuals need to choose discomfort consistently.

Featured Speaker: Rhitishah Yuva Raju

Rhitishah Yuva Raju is the founder of Mediora and a board member of Safety Center, Incorporated. Rhitishah is joining us at this event to speak with us about her journey to use her knowledge and education for the social good. Rhitishah's message of knowing your inner power and understanding how to use it for change is sure to inspire.
