# TURNKEY DIGITAL MENU BOARD SOLUTIONS

Transform your TV into a stunning, eye-catching digital menu board system that will help you sell more food, improve your guest's experiences, and streamline the way you manage and display your menu.

## Use a TV of any size and any brand!

Utilize Digital Menu Boards to keep your menu pricing, promotions and items up-todate, consistent and organized. Combine eye-catching HD imagery with highly visible menu listings to better upsell your menu items while creating a new modern dining experience.

## Unlimited Digital Menu Zones

Beautifully display any combination of high definition individual food or drink promotions, happy hour specials and delicious dessert images.

## Customizable Digital Menu Templates

Create your digital menu from scratch or choose from our easy-to-edit templates. Your branding requirements can be added.

## Clean & Easy to Read

Neatly organize your menu into color-coded categories. Rotating food images can be added too. This kind of design is great for large menus!

## Advanced Day Parting

Schedule specific advertisements or your entire menu to automatically change at specific times and days.

## Edit from Anywhere

Using any web browser, on any device, at any time, you can design, edit and manage your menu for one or multiple locations.

## Quick Order

Create an elegant, easy to read style menu that consists of your unique food combination platters, prices, images and descriptions.
