**VyaPay and GreenLight Business Solutions Enter Strategic Partnership to Transform Digital Payments**

**Scottsdale, Ariz., July 7, 2022** – VyaPay, Payments for a New Age, today announced that it has entered a strategic partnership with GreenLight Business Solutions to offer their digital payments solution through GreenLight Business Solutions' robust cloud Business Management System which helps their clients of every size and scale to automate and integrate all aspects of their business into an efficient, profitable, effective and cohesive whole.

Chris Nicholson, CEO of GreenLight Business Solutions, "looks forward to recommending VyaPay's embedded solution for digital payments that will transform how our clients manage their receivables. We understand the need for simplicity and competitive pricing for managing accounts receivable and appreciate that VyaPay delivers on all counts."

Wain Swapp, CEO at VyaPay shared, "with the increasing demand for embedded digital payments, we are the perfect solution to serve this important and growing vertical. VyaPay is delighted to have GreenLight Solutions as our partner in this space and looks forward to providing each of their clients with the most simplified and elegant pricing, boarding, and ongoing support solution they've ever experienced."

Chris Nicholson further adds, "as a lifelong developer who's familiar with practically every ERP in the market, I appreciate when a company has the vision and execution to deliver an elegant solution that revolutionizes and modernizes how clients manage their business and does so with true care and support. In a world where financial gain is often put ahead of how one can best serve the client's needs, VyaPay, like GreenLight Business Solutions, always puts the client first with their superior digital payments acceptance solutions."

As businesses' needs are evolving and they look for an all-in-one platform, this is the perfect time for clients new to GreenLight Business Solutions to select the right partner for digital payments acceptance from the very start. For seasoned clients, this is a great time to review their payments experience to ensure it delivers the best possible fit for their business. VyaPay is pleased to provide all GreenLight Business Solutions clients with consultations, statement reviews, and proposals based on their individual and unique needs.
